

Responsible Gaming Policy

The following provides information regarding the measures LLSS Enterprises, Inc. d/b/a LockSpread ("LockSpread," "we," "us," or "our") has put in place in order to ensure a fair, safe, and responsible gaming environment regarding your use of the [<https://www.lockspread.com/>] website and the LockSpread mobile application (together, or individually, the "Service"):

Self-Exclusion:

You may voluntarily self-exclude yourself from accessing the Website and Services at any time. You may ask for your account to be closed or restricted by emailing us at [support@lockspread.com]. Your request must include your full name, full residential address, and email address so we may verify your account and block your access to the Services. The self-exclusion will last for a period of at least three (3) months, and will only be lifted seven (7) days after we receive your written email requesting to reinstate your account.

By voluntarily self-excluding, you agree to provide full and accurate personal details, now and in the future, so as to allow access to, and/or use of, our Services to be restricted. If you choose to self-exclude, we will use all reasonable endeavors to ensure we comply with your self-exclusion. However in agreeing to self-exclude you accept that you have a parallel undertaking not to attempt to circumvent voluntary self-exclusion. Accordingly, we have no responsibility or liability for any subsequent consequences or losses, howsoever caused, that you may suffer or incur if you commence or continue to access or make use of the Website through additional online accounts in circumstances where you have changed any of the registration details or you provide misleading, inaccurate or incomplete details or otherwise seek to circumvent the voluntary self-exclusion to which you agreed.

During a period of self-exclusion, we will use reasonable efforts to not send you any marketing material and we will not accept any deposits or entries from you. During a period of self-exclusion, you may not open a new account. We will not reopen any self-excluded account prior to the three (3) month mandatory self-exclusion period; however, after the expiry of the exclusion period you may contact us and ask for your account to be re-activated.

Self-Limitation:

LockSpread recommends that you set daily limits in order to avoid abusing the Services. LockSpread provides you the option to set daily, weekly, or monthly deposit limitations. You may lower a limit at any time by contacting us at [support@lockspread.com]. This election, to lower your deposit limit, will take effect thereafter. You may request the previous limit set limit to be increased or removed. Self-limitation is in addition to the limitations imposed by LockSpread in accordance with applicable state law(s), which limitations will be enforced if they are exceeded, regardless of your own self-imposed limitations.

In order to process such requests, LockSpread will require any of the following information: (1) evidence of sole or joint financial responsibility for the source of any funds deposited with LockSpread; (2) proof that the requesting party is jointly obligated on the credit or debit card associated with the family member's LockSpread account; (3) proof of legal dependency of the family member on the requesting party under federal or state law; (3) proof of the existence of a court order that makes the requesting party wholly or partially obligated for the debts of the family member; or (4) proof of the existence of a court order requiring the family member to pay unmet child support obligations, alimony payments, and/or any other familial-related financial obligations.

LockSpread may also request additional identifiable verification documentation validating the relationship between the requesting party and the family member.

The user will have five (5) business days (“Dispute Period”) from the date we send email notification of the request to dispute the request. If the user does not dispute the request within the Dispute Period or LockSpread deems, in its sole discretion, that the information provided is insufficient to refute the request, it will be honored and the exclusion or restriction shall be enforced.

LockSpread verifies all accounts for age and eligibility to participate in contests. LockSpread does not permit users under the age of 18 (or higher in certain jurisdictions) to register an account to access the Website or Services. In the event you believe a user is under the age of majority or is abusing the Website or Services, please contact us at [support@lockspread.com].
